

More skill text made the agent worse

Exact numbers from the talk, shown as the measurement that justified deleting 95%.

Docs-covered skills

10,000+

lines of skills

68 min

per eval run

77%

correct with skill loaded

Handwritten gotchas

553

lines of gotchas

6 min

per eval run

97%

correct without that skill

Metric lesson: pass rate and runtime beat intuition about context volume.
